IT

Con la collezione POLAR AMBIENT le linee squadrate e minimali della serie POLAR accolgono la nuova funzionalità di luce ambientale e riempiono gli ambienti con una delicata energia colorata. Grazie alla tecnologia integrata AMBIENT LED FAUCET infatti il miscelatore incorpora un sistema a luce LED che proietta delicati giochi cromatici dando vita ad un'atmosfera unica di puro relax.

Scegliete se impostare una lenta successione multi-color oppure fissare un'unica tonalità di colore regolandone l'intensità.

La Tecnologia AMBIENT LED FAUCET® è stata sviluppata in collaborazione con l'azienda italiana S.T.S.R. - Studio Tecnico Sviluppo e Ricerche, dipartimento di elettronica (www.stsr.it).

ENG

With the POLAR AMBIENT collection, the square and minimalist lines of the series POLAR welcome the new functionality of ambient light and fill the rooms with a delicate colorful energy. Thanks to the integrated technology AMBIENT LED FAUCET the mixer incorporates a LED light that projects delicate games of colors creating a unique setting of relax. Choose whether to select a slow multi-color succession or a unique color tone fixing the intensity.

Technology Ambient LED FAUCET® is developed in collaboration with the Italian company STSR - Technical Development and Research Department, Electronics Division (www.stsr.it).
